Finns Pressed By Russians

Threatening Note Comes With Election

Helsinki, Finland, Jan. 2.—(AP)—The Finnish foreign ministry declared tonight this country has "a serious intention to do everything" to fulfill its obligations under the peace treaty with Russia.

The announcement was made in connection with a Russian note accusing Finland of harboring more than 300 Russian citizens listed as war criminals. It was supplemented by a list of 56 persons wanted by Russia for high treason and collaboration with the enemy. Russia is demanding their extradition under terms of the 1947 peace treaty.

The Russian note is regarded by political circles here as a deliberate attack designed to coincide with preparations for the Finnish presidential election. Electors will be chosen on Jan. 16 and 17 to elect a new National leader on February 15. The note was seen as an indication Russia is dissatisfied with the trend of the present government and wants to help the small Communist party here.

Term Expires In March
The term of President Juho Paasikivi, who took office on March 11, 1946, expires in March. He succeeded Field Marshal Baron Carl Gustaf Mannerheim, who resigned because of health. The 78-year-old Paasikivi came to power as a proponent of good neighbor relations with Russia after successfully negotiating an end to fighting both in 1940 and 1944.

(The Moscow radio, heard in London by the Soviet monitor, relayed a Tass report from Helsinki that Finland's economy was near collapse.

(Observers in London said this was an indication Moscow might be preparing to give its tiny neighbor "the full treatment," as it has the Yugoslavs and others who dared disagree with the Kremlin's ideas. Put Squeeze On Economy

(The Tass attack said a simultaneous fall in farm prices and a rise in the cost of industrial goods was squeezing the Finnish economy.)

Paasikivi, an independent, is supported by Finland's conservative, Liberal, Swedish, and social-democratic parties.

To substantiate the view that the Russian note is tuned to the Finnish elections observers noted that the Soviet government this time spoke through its ministry of foreign affairs, rather than first making the charges through the press, as on previous occasions. The Soviet note arrived in Helsinki New Year's night.

It also is pointed out that the Russian minister to Helsinki, Grigory Savenkov, is expected back in Finland tomorrow after a long stay in Moscow.

Political observers regarded the note as the most serious warning received by Finland since the end of World War II. Finland's reply is expected to be a prompt denial.

Brother Of Taft Supports Democrat In City Election

Cincinnati, Jan. 2.—(AP)—Charles P. Taft, brother of U. S. Senator Robert A. Taft (R-Ohio), said he was supporting Cash "because he is not an organization democratic mayor, a new deal or fair deal mayor" but a competent Charter mayor.

Prior to a statement by Charles Taft, giving his support to Cash, Councilman Potter Stewart of the Republicans said:

"We face in a later month of this year an election of importance to the people of the state and the nation."

He said he was referring to Senator Taft.

"For that reason it is important for all those who believe in the importance of reelecting Senator Taft to do everything to aid. One of the things we could do is elect a republican mayor of Cincinnati."

"To elect an organization democratic mayor would be to perpetuate something contrary to American principles—the rule of the minority."

"I urge the Republicans of the council to vote for a man whose republicanism is unquestioned."

WOMAN KILLED AS TWO AUTOS COLLIDE

Milwaukee, Jan. 2.—(AP)—A woman identified as Mrs. Frances Slack, 32, Highland Park, Ill., was killed today when the automobile in which she was riding collided with another at an intersection.

Several others riding with the victim were taken to a hospital. The extent of their injuries was not determined immediately.

The driver of the other vehicle was not injured.

Announces Illinois UMW Won't Report For Work Today

Chicago, Jan. 2.—(AP)—The secretary of the Illinois Coal Operators Association said tonight he had received reports from the field indicating that Illinois United Mine Workers will not go to work tomorrow.

The secretary, Fred S. Wilkey, said 50 per cent of the mine managements in Illinois had reported they were notified by local union officials that the United Mine Workers would not report for work tomorrow morning.

In Springfield, Hugh White, president of the UMW's District 12, said "I suppose so" when asked whether the miners would work tomorrow.

"We have not sent out any instructions," he added. "As far as I know, the three-day week is still in effect."

UMW chief John L. Lewis, who is visiting his mother in Springfield, declined to comment.

Wilkey said he had received no word from the remaining half of the mines in the state.

Robert E. Ringling Of Circus Fame Dies Of A Stroke

Sarasota, Fla., Jan. 2.—(AP)—Robert Edward Ringling, 52, chairman of the board of the Ringling Brothers and Barnum and Bailey circus, died of a stroke tonight.

He had been in poor health for several months and last summer had been near death in a Chicago hospital. His physician reported the stroke which brought death at 7:10 p.m. was not an outgrowth of the summer illness.

Ringling was the son of Charles Ringling, one of five brothers who founded the "biggest show on earth." He studied to be an opera singer but ill health cut short his career as an operatic baritone.

He had a turbulent career with the big top. At one time he was president of the circus, then he was ousted. He was continually embroiled in the fight inside the Ringling family for control of the circus.

He was succeeded as president by James A. Haley. Then when John Ringling North, the current president, arranged to get control of the circus, Robert Ringling became board chairman.

Ringling became head of the circus in 1943 and was ousted in April, 1946.

At the time of his replacement by Haley, Ringling contended the election of the circus' board of directors was illegal.

He is survived by his widow, Irene and two sons, James Conway Ringling, 25, and Charles Joseph Ringling, 12.

Ringling maintained homes here and at Evanston, Ill.

CAT SWIMS FOR MEAL

Springfield, Ill.—(AP)—There's one cat near here that not only swims but gets his daily food at the same time.

The cat dives into Lake Springfield after it spots a fish in the water which is way over its head and comes up with a meal.

U.S. Has Laid Out 30 Billion In Post-War Foreign Aid

Washington, Jan. 2.—(AP)—The United States has laid out nearly \$30,000,000,000 in postwar aid to foreign nations, a commerce department report showed tonight.

This amounts to about \$200 for every man, woman and child in this country.

From mid-1945 through last September, the government put up \$28,187,000,000, including \$3,385,000,000 subscribed to the world bank and monetary fund in addition to \$24,802,000,000 in aid furnished directly to foreign countries.

Outlays in the last three months should at least equal the 1-446,000,000-a-quarter rate of the July-August-September period of 1949.

The outflow in that quarter was, however, one-seventh below the previous (April-May-June 1949) quarter.

Foreign aid spending passed its peak in mid-1949.

Further reductions are scheduled for the fiscal year (1951) beginning

Governor Declares Gambling 'Biggest Headache' of Year

Springfield, Ill., Jan. 2.—(AP)—Gov. Adlai E. Stevenson declared tonight that commercialized gambling has been his "biggest headache" during his first year in office.

The best way to end it, he said, is to elect "conscientious, vigorous officials and insist that they enforce the law."

"The people choose the officials and the people are still stronger than the gamblers," he declared.

Stevenson said that Illinois is "getting the reputation of a gambling state" and that the "tribute we pay to the slot machines runs into millions a year."

His remarks were made in a radio talk summing up the 12 months since he stepped into the executive mansion. It was his first full scale report on the gambling situation.

The democratic governor dealt with his accomplishments and disappointments, and with finances and other state problems. On finances, he said the "honeymoon is over" and the state will have to tighten its belt.

But he classified gambling as the most "stubborn problem."

"It's against the law in Illinois," he said, "and it can only exist where local officials tolerate it, either because they are corrupt and profit from it, or because they think the people don't care or because it's politically expedient."

Airliner Crashes Fence, Rams Car; 4 Persons Injured

Salt Lake City, Jan. 2.—(AP)—A challenger airlines transport crashed through a fence in landing at the Salt Lake City airport today and smashed into an automobile.

One woman aboard the plane and two or three persons in the automobile were injured.

One woman aboard the plane and two or three persons in the automobile were injured.

The transport carried nine passengers and a crew of three.

The plane skidded in landing and broke through the mesh wire fence at the south end of the long runway. The automobile was traveling along the highway adjacent to the airport.

The transport remained upright and did not burn.

The automobile, reportedly carrying a couple and a child, was demolished.

The transport arrived from Denver during a storm. It is a DC-3, capable of carrying up to 21 passengers.

The injured, all from western states, were taken to a hospital.

Postpone Sailing Of U.S. Freighter To Red Shanghai

Hong Kong, Jan. 2.—(AP)—The American freighter Flying Arrow, scheduled sailing for mine-threatened Red Shanghai was postponed tonight to Jan. 5. The attitude of the uneasy crew still was open to debate.

A spokesman for the Isbrandtsen Line, ship owners, said none of the crew had signed off and the majority had given assurances they would make the voyage. He said one assistant engineer might leave but the others "were indignant over false reports" that they would refuse to sail to Shanghai.

A spokesman for the U. S. consulate said, however, the state department had sent instructions to authorize signing-off any who wished—provided they could satisfy the consulate and Hong Kong authorities that they had passage home.

He said two or three had signified they desired to quit rather than risk the mines which the Chinese nationalists say have been planted outside Shanghai.

Paul Joseph, National Maritime union delegate in the crew, agreed with the Isbrandtsen spokesman that local newspaper reports were erroneous in saying the crew would refuse to sail. Joseph added that nobody aboard was eager to make the trip.

Industry, Union Don't Expect Coal Miners To Strike

Pittsburgh, Jan. 2.—(AP)—Industry and union sources say they expect John L. Lewis' 480,000 United Mine Workers to resume work on schedule tomorrow.

Despite talk of possible strikes against a few key companies, there's nothing to indicate they will materialize.

Harry A. Suter, executive vice president of the Western Pennsylvania Coal Operators' association, tonight said that maintenance men had reported to the few mines in this area which operate midnight shifts.

"We have nothing to indicate a walkout is imminent," Suter declared. "From all indications, the mines will run on schedule."

Lewis, who spent the week end at the home of his mother in Springfield, Ill., didn't comment.

But some of his lieutenants in the field say they have not received orders to strike.

President Cecil Urbaniak of UMW district 31 at Fairmont, W. Va., said he "presumed" all men in his area would report.

And at Beckley, W. Va., President George J. Tiller of UMW district No. 29 declared "I don't know what the operators are going to do but our boys are willing and able."

Approximately one-half of the total energy used in the United States comes from petroleum and natural gas.

81st Congress Reopens Today

MINE OWNED HOMES GOING OUT IN COAL INDUSTRY HOUSING

Washington, Jan. 2.—(AP)—There is a trend away from company-owned housing in the coal industry, the bituminous coal institute reported today.

Four out of every five bituminous coal miners' families now live in houses which they either own or rent from private landowners, the institute statement said. In recent years 23,000 houses formerly company-owned have been disposed of.

Both Parties On Watch For Points To Use In Fall

Washington, Jan. 2.—(AP)—Democratic and Republican leaders sparred cautiously today as they looked for an opening to land a political haymaker during the next Congress session starting tomorrow.

With 467 of the lawmakers up for re-election this year, they aim to make every word and vote count toward a winning tally next November.

Senate Democratic Leader Lucas of Illinois led off the preliminary word bouts with a recommendation that Congress go slow in acting on proposals to repeal excise taxes. He indicated that although there is swelling bipartisan backing for such a tax cut Congress members would do well to wait and see what general revenue program will be laid down shortly by President Truman.

Expected To Favor Reduction
The president is expected to favor repeal of many wartime excise taxes, provided Congress increases levies on corporation profits, gifts and estates, and probably those on middle and upper income groups, to offset the loss.

Lucas served notice that the administration was ready for a scrap on the controversial civil rights program Mr. Truman has demanded repeatedly. After a meeting of the Senate Democratic policy committee, Lucas told reporters "you can rest assured" that the disputed plan to set up a fair employment practices commission will be brought up anew.

House Republican Leader Martin of Massachusetts made it plain that the GOP representatives are going to battle down the line against each of Mr. Truman's "fair deal" proposals, with special attention devoted to taxes and government spending.

'People Discontented'
"The people certainly are discontented," Martin said. They are kicking about high taxes, high government spending and high prices."

Senator Taft (R-Ohio) predicted that there will be more opposition to many parts of the Truman program in this session than there was in the last.

Mr. Truman, meanwhile took advantage of the extra new year's holiday to put some final touches on the State of the Union message he will deliver in person to a joint session of the Senate and House at 1 p.m. Wednesday. He will follow up this general statement of his legislative proposals with the economic report on Friday and his new budget proposals next Monday.

Members of the president's staff said the chief executive will urge the same "fair deal" program he called for in January of last year.

Hoover Calls For U.S. To Defend Formosa From Reds

Washington, Jan. 2.—(AP)—Former President Herbert Hoover today called for the United States to defend Formosa and raise "a wall against communism in the Pacific."

The Chinese Nationalist forces of Chiang Kai-Shek, beaten on the Chinese mainland by the communists, are seeking to hold Formosa, big island off the south central coast of China, north of the Philippines.

President Truman is reported to have decided against use of U.S. armed force to help protect Formosa.

America's only living ex-president said he believes strongly the United States should:

1. Use American naval power if necessary to safeguard Formosa, the Pescadores and possibly Hainan islands. The Pescadores are small islands off the South China coast east of French Indo-China.

2. Refuse recognition to the Chinese communist regime.

3. Continue recognition and support of Chiang Kai-Shek's Nationalist government.

Hoover disclosed his views in a letter released by Senator Knowland (R-Calif.), a bitter critic of administration policy in China and the Far East.

Furniture Store Burns Within 100 Feet Of Hospital

Chicago, Jan. 2.—(AP)—A furniture company building fire raged for an hour and a half within 100 feet of huge St. Luke's hospital tonight, but was brought under control with only six injuries reported.

Chief fire marshal Anthony Mullane reported that six of his men had been hospitalized at St. Luke's after being overcome with smoke. He said he believed the Builders' Furniture and Carpet Company building was unoccupied when fire of undetermined origin swept its upper floors. The building is a few blocks south of the loop on Michigan Boulevard.

Mullane estimated damage at \$200,000 to the building and contents.

Mrs. Grace Cardwell, 47, an invalid paralyzed from the waist down, was carried in her wheel chair from her third floor home in a building company plant.

Ray Crane, chief of the uniformed police, said 4,300 persons watched the fire.

A broken hose line sprayed water on walls of the hospital clinic, which also houses interns' living quarters. No injury or damage was reported there.

States Mindszenty Taken From Prison

Rome, Jan. 2.—(AP)—The Italian information agency ARI said today that Josef Cardinal Mindszenty had been removed from prison in Budapest because of an aggravated throat ailment. ARI didn't specify where he had been taken.

Last week the agency, which specializes in Catholic news, said Mindszenty probably had been taken to Russia. Informants in Prague close to Hungarian affairs said the report was "nonsense."

Today ARI said the "extreme dampness" of the prison brought on the throat complications and Cardinal Mindszenty was taken to "another place." The Cardinal is serving a life term on charges of treason against the communist-led Hungarian government.

U. S. Death Toll Over Holiday Has Reached 366 Mark

By The Associated Press
The nation's toll of violent deaths for the three day new holiday climbed to 366 Monday night, but traffic fatalities were running considerably lower than the toll predicted by the national safety council.

Deaths in traffic accidents numbered 237. Fires accounted for 49 deaths, and 80 persons died in miscellaneous causes between 6 p. m. (local time) last Friday and midnight Monday.

However, the Associated Press survey does not record those persons seriously injured who may die some days after the date of the accident. Similarly, deaths of persons injured in accidents prior to the new year holiday period are not recorded.

Weather conditions may have slowed down the traffic fatality score by keeping many persons at home. The Chicago area, for instance, was blanketed by fog that reduced traffic and brought air traffic almost to a standstill.

Reports Russian Planes Fly Over Okinawa Every Day

Tokyo, Jan. 2.—(AP)—An American Red Cross man newly returned from Okinawa said today that unidentified planes believed to be Russian fly almost daily over that United States air base 350 miles southwest of Japan.

"You can see vapor trails in the sky about 40,000 feet up," said Geraldine Micklauff, Red Cross field representative who spent seven weeks on Okinawa.

"Interceptors take off after them but they are gone before the interceptors can get off the ground."

In an interview, he said the reconnaissance operations were "general knowledge" on Okinawa, adding the remark that Communist-held Shanghai "is only 400 miles away."

Micklauff said that while identity of the Snoozers had not been officially established, "everybody knows they are Russian. Who else over here has such aircraft?"

A Far East Air Forces duty officer in Tokyo said he was not at liberty to comment on the report. Top officers were not available, but in the past reports of Russian reconnaissance over Okinawa have been denied.

Indianapolis Boy Takes Plane For Joy Ride To Illinois

Danville, Ind., Jan. 2.—(AP)—A young Indianapolis flier is going to have to answer in court for his joy ride in a plane taken from a Brownsburg, Ind., airport.

A charge of taking the plane was filed today against the youngster, Thomas Leroy Haley, 16, of Indianapolis, Sheriff Leon Bayliss said.

His companion on the trip which ended in an Illinois field was being held for investigation. The sheriff said it had not been decided whether to file charges against the other youth, Fred McDowell, 17.

The sheriff plans to go to Monticello, Ill., tomorrow to bring back Haley, who was being held by Sheriff Troy C. Bennett of Piatt county.

It was McDowell's story to Indiana State Police that started the hunt for the plane, which disappeared last Thursday.

The story which Sheriff Bennett said Haley told him is this:

Haley, after an argument with his girl friend's father in Indianapolis, went to Brownsburg and climbed into an ercroup owned by William Needer of Danville.

The ignition key was in the plane and Haley, who said he had three hours of flying time, started it. Then, he said, he decided to fly to St. Louis, with McDowell along.

He landed near Monticello because he had been blown off his course.

Rep. Reed Urges 50% Limit On Personal Income Taxes

Washington, Jan. 2.—(AP)—A revenue program featured by a 50 per cent limit on the taxes on all individual incomes and an increase in personal exemptions was proposed today by Rep. Reed (R-N.Y.).

His ranking republican member of the House ways and means committee, and has often been a GOP spokesman on tax matters.

His bill, which he said he would introduce tomorrow, provides that no individual shall pay out to the tax collector more than one half of his net earnings. The present top is 77 per cent.

It would increase the personal exemptions of all taxpayers from \$600 to \$700. The same increase would apply to exemptions for dependents.

Among other things, the bill also would reduce most excise taxes, which apply to such things as telephones, jewelry, transportation, fur, and luggage.

President Truman is expected to favor reductions of these taxes, too, income brackets and in corporate provided congress increases taxes rates.

British Press Hits U.S. Policy

EDITOR OF CAPITAL TIMES-HERALD QUILTS

Washington, Jan. 2.—(AP)—Mason Peters, one of seven executives who inherited the Washington Times-Herald on the death of Mrs. Eleanor Patterson, has resigned as night managing editor of the newspaper.

Peters, who with others here later sold the paper to the Chicago Tribune, is planning an extended vacation.

Doctor, Accused Of 'Mercy Death' Faces Grand Jury

Candia, N. H., Jan. 2.—(AP)—A mild-mannered, country doctor went about his round of calls this holiday while government prosecutors prepared evidence in a murder charge against him for the "act of mercy" death of a cancer patient.

As he does every day, Dr. Hermann N. Sander, 40, bade his wife and three children good-bye and visited his patients at their homes and in the hospital.

He will not make those rounds tomorrow. For tomorrow the grand jury will hear evidence concerning the death, Dec. 4, of Mrs. Abbie Borro, 59.

Dr. Sander is charged with killing the woman by injecting air into her veins. The specific charge is that he injected 10 cubic centimeters of air, and one which might strain future medical experts say a 10cc-air injection would not kill a normal person.

Officials say hospital notations showed four such injections were made in succession.

Encouraged by a vote of confidence from most of his townfolk, the spectacled, moustached physician still maintained the position he held up on his release in \$25,000—that he was not guilty of legal or moral wrong, and that "ultimately my position will be vindicated."

A Far East Air Forces duty officer in Tokyo said he was not at liberty to comment on the report. Top officers were not available, but in the past reports of Russian reconnaissance over Okinawa have been denied.

Morgenthau Names 14 As Chairmen Of Jewish Appeal

New York, Jan. 2.—(AP)—Henry Morgenthau, Jr., former U. S. secretary of the treasury and general chairman of the 1950 United Jewish Appeal (UJA), today named 14 men as national chairmen for the appeal.

They will direct a campaign which will seek to raise \$272,455,800.

The national chairmen were selected. Morgenthau said, to "decentralize responsibility for the drive and to give greater representation to all sections of the country in the conduct and activities of the drive."

"It is imperative that in 1950 we raise substantially larger sums than we did last year to meet needs in Israel, Europe and North Africa and for refugees in the United States," he added.

Those named by the general chairman included: Samuel Rothberg and Julian B. Venezky, both of Peoria, Ill.

Drives 30 Miles, Then Misses Wife

Kankakee, Ill., Jan. 2.—(AP)—Roy Smith of Detroit drove 30 miles today without realizing he had left his wife behind in Dwight, Ill.

The Smiths were en route home from a holiday trip with Mrs. Smith asleep in back. When Smith stopped at a Dwight service station, his wife got out and went to the rest room. When she came out, Smith was gone.

A telephone call to Kankakee police resulted in Smith being halted by Officer George Bjick and informed of his solitude. He headed back to Dwight.

US Manufacturing Profits Up 15% In Third Quarter

Washington, Jan. 2.—(AP)—Profits after taxes of U. S. manufacturing increased 15 per cent in the third quarter of 1949, as compared with the second quarter, a government report said today.

The report, issued jointly by the Federal Trade Commission and the Securities and Exchange Commission said the increase occurred although the volume of sales went up only slightly.

The profits increased from \$2 billion in the second quarter to \$2.3 billion in the third. However, they were still 20 per cent lower than in the corresponding quarter of 1948.

In relation to sales, profits in the third quarter amounted to 6 cents per dollar of sales, compared with 5.2 cents in the preceding quarter.

Rev. Hueber, 90, Attends Funeral

Syracuse, N.Y., Jan. 2.—(AP)—The Rev. Stephen Paul Hueber, C. M., 90, who says he is the oldest living of 4,000 members of the Roman Catholic Vincentian order, came from Chicago to celebrate a funeral mass today for his brother, Charles Hueber, 85.

Father Hueber is affiliated with St. Vincent De Paul's church in Chicago. He has been in the Priesthood 62 years.

His brother died at his nearby Fayetteville home on Friday.

MAN MUSTN'T SELL HIS FREEDOM TO GAIN MOMENTARY WANTS

No one can be blamed if he gets a little mixed up these days trying to fathom where the course of real freedom lies.

How is a man to know, when assorted political soothsayers tell him the path to liberty lies through the welfare state, through Republican-style free enterprise, through socialism, even communism?

Probably no one does know for sure in this confused age. But there are a few guideposts that might help us keep general track of our goal.

First of all, liberty in a country under law is always limited, never complete. We always have some sort of control. So obviously the question is a matter of degree: How much control can we have and still be free?

We can be pretty sure people who urge controls for their own sake don't care much for liberty. Communism and fascism fail on this simple test. For they set state control as a goal, with freedom a more or less accidental by-product.

They paint totalitarianism as a revolution leading to something better. But there's only been one real social upheaval on this planet. A distinguished poet calls it the "revolution of the whole man." He means the endless striving of a man to be free, to realize himself fully. It's a struggle that's been going on for ages and is still in progress.

Our policies and programs must be measured against this deep urge in man. Naturally he has other wants—security, well-being, peace of mind. But the job is somehow to fill them without destroying the essence of his freedom. Our whole approach should reflect unflinching concern for liberty, not fascination with controls.

Controls may be necessary. But each new surrender to them should be prefaced with this hard question: Is there any way to accomplish our end without these restrictions?

Not enough people ask that question convincingly today. We need more who are willing to search out the usually more difficult solutions that lie within the framework of freedom. Then we'll get a clearer view of the road we must follow.

Shirley Brouer, W. Richard Wood Exchange Vows

Chandlerville—Miss Shirley Brouer, daughter of Mrs. Faltina Brouer of near Chandlerville, and W. Richard Wood, son of Mr. and Mrs. Walter Wood of Springfield, were married Christmas Day in a double-ring ceremony performed at the bride's home by Rev. Lovell, pastor of the Methodist church.

Miss Brouer, sister of the bride, was maid of honor. The best man was William Wood, brother of the bridegroom. Music was furnished by Loretta Weidner, soloist, and Sarah Smith, pianist, both students of the bride.

White satin fashioned the bridal gown, which was styled with fitted bodice, high neckline, long sleeves and gathered skirt with rows of matching ribbon. She wore a waist-length veil and single-strand of pearls, gift of the bridegroom. Her bouquet was a showered arrangement of white mums with red carnations.

The maid of honor was attired in an identical dress of royal blue silk crepe. She wore a matching head piece and carried red carnations, showered with white mums.

Mrs. Wood was graduated from Petersburg High school, where she is now physical education instructor. She is also a graduate of Illinois State Normal University.

Her husband, a graduate of Tallula High school, is employed by the Standard Oil Co. at Petersburg, where the couple plan to reside following a short wedding trip.

THE DOCTOR SAYS

Diet And Nervous Strain Can Cause Spastic Colon

By Edwin J. Jordan, M.D.
Written for NEA Service

Nothing particularly new has developed about the condition known as spastic colon or irritable bowel. It is so common that it should be discussed every once in a while.

Alternating periods of diarrhea and constipation often accompanied by discomfort in the abdomen and growing sounds are the common signs of this widespread ailment. Many of those who have a spastic colon thing that they are constipated because after a period of fairly loose movements there may be a delay of a day or more before another occurs.

The trouble in a spastic colon is that the waste material is passing through the bowels too fast rather than too slowly. The wave-like motions (called peristalsis) of the intestines which carry the waste matter downward occur too frequently and produce discomfort.

Laxatives Can Upset

Certain foods, like raw fruits and vegetables, irritate the walls of the bowel and stimulate the intestines to increased peristaltic waves. The same thing is true to an even greater degree for laxatives or cathartics. The growing, discomfort and other symptoms are, therefore, likely to be worse when any of these irritating foods or drugs are taken.

The strain of modern living and the frequent anxiety and worrying burdens which afflict most of those who live in modern society, therefore have an unfavorable effect. The diet too is, of course, important. The laxative foods and laxative and cathartic drugs should be avoided.

A diet which contains a high proportion of what are called bland foods is therefore desirable. Such a diet consists largely of such things as cooked cereals, milk products, creamed soups, eggs and fish.

A disappointing feature of this uncomfortable but not dangerous condition is that even when recovery seems to be complete, almost any nervous strain or indiscretion in eating will start it off again.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

The Doctor Answers

Question: Is eating about three pounds of watermelon a day injurious to the kidneys or any other organ?—L. C.

Answer: If a person likes to eat that much watermelon, why not? It should not hurt them.

Pfc. Milo Gasper Of Chandlerville To Take Cruise

Chandlerville—Pfc. Milo Gasper will leave Jan. 5 on a six-months cruise, which will take him to Gibraltar, France, Italy, Greece, Palestine, North Africa and French Morocco.

Gasper spent the Christmas holidays in Chandlerville visiting his mother, Mrs. Edna Mae Gasper, and other relatives.

He left Springfield by plane to report back to camp at Jeune, N. C. Capt. and Mrs. Marshall Baker and son of Falls Church, Va., are guests of Capt. Baker's parents, Mr. and Mrs. Anne Baker.

Mr. and Mrs. Elden Leonard visited recently in Virginia.

The meeting of the Circleville 4-H club was held at the home of Robert Hager, where games were played and refreshments were served.

10 Most Important Films Of Half-Century Picked

By BOB THOMAS

Hollywood, Jan. 2.—(AP)—What are the 10 most important movies of the half-century?

The first half of the 20th century just about spans the history of the motion picture. So the question could also read "What are the 10 most important movies of all time?"

As an amateur film historian I have picked my own 10. They are based (1) on their influence on the motion picture industry; (2) their popularity with the public. Here they are:

1. "The Great Train Robbery" (1903) was not the first film to tell a story, but it was the first successful of the early ones. It brought thousands of new fans to the budding industry and helped effect the transition from the peep-show to the nickelodeon.
2. "The Birth of a Nation" (1915) is without doubt the most important film of all time. D. W. Griffith brought the movies to maturity with this one great classic, introducing many new methods of story-telling.
3. "The Kid" (1920) represented Charlie Chaplin at his best. The screen has never seen such a successful combination of comedy and drama.
4. "The Jazz Singer" (1927) makes the list not because it was a good picture; it would seem laughable in these sophisticated times. But it was the first picture to use synchronized dialogue and music. It helped bring the revolution to talkies.
5. "42nd Street" (1933) established the musical as a fair film commodity. "Broadway Melody" (1929) was the first hit musical, but "42nd Street" really brought the musical into its own.
6. "It Happened One Night" (1934) brought mature comedy-romance to the screen. It made lasting stars of Clark Gable and Claudette Colbert and established Frank Capra as a top director.
7. "Snow White and the Seven Dwarfs" (1937) is chosen because it was the leading money-maker of its time and because of the delight it gave to millions of movie-goers.
8. "Stagecoach" (1939) remains the screen's greatest western. It brought a renewed interest in what might be called the screen's best (at least the surest) commodity—the outdoor epic.
9. "Gone With the Wind" (1939) has been seen by more people than any other picture. That alone would place it on this list. But it was also a stirring and faithful re-telling of a great story.
10. "The Best Years of Our Lives" (1946) was the first really fine film after the trash of the war years. Dealing realistically with post-war problems, it proved that thoughtful pictures could be profitable.

Etna J. Steinberg Passes Away At Jerseyville Home

Jerseyville—Funeral services for Mrs. Etna Jane Steinberg, wife of John Steinberg, will be held Tuesday afternoon from the Jerseyville Methodist church, at 2 o'clock. The Rev. Dale Harmon, pastor of the church, will officiate, and the interment will be in the Hopewell cemetery in Greene county.

Mrs. Steinberg was the daughter of the late John G. and Maria L. Dodson Winn and was born at Carrollton, March 25, 1872. She died at her home in Jerseyville Saturday at 3 a. m. She is survived by her husband, John Steinberg.

The body will be at the Gubler Funeral Home in this city until time for the funeral.

Glider Pilot Breaks Record

Bishop, Calif., Jan. 2.—(AP)—John Robinson, Arcadia, Calif., glider pilot, broke the world's altitude record by soaring 33,800 feet above sea level in his single place sailplane.

Robinson's feat, announced yesterday by official timer Harland Boes, was 300 feet higher than the previous record set a year ago on the same airport.

Boyle's Column

Laurels To Greatest Lover Of Century, Valentino

By Hal Boyle

New York.—(AP)—The greatest lover of the Twentieth century was Rudolph Valentino.

He stands out in the first 50 years of our time in the politics of amour as Franklin D. Roosevelt did in the politics of people.

Valentino's dark uncertain charm wasn't based on the choice of women alone—but on the vote of men themselves.

He brought something alive out of the deep forest of sex they didn't understand. Even today, years after his death, the black-haired Valentino is the wolf that most American men would most hate to have to compete with if he were still alive.

And after Valentino who was the most devastating male between 1900 and 1950?

Well, a casual male poll says he is Francis X. Bushman. Who zat? Look up the old silent movies. He was a matinee idol whose memory has outlived the noise of a popcorn-chewing generation that revered him.

We'll have to mix up our chronology a bit to place John Barrymore third and John Gilbert fourth. Re-

One Infant Born At Local Hospital New Year's Day

Just three hours and twenty-six minutes after the new year was officially ushered in, the first baby of 1950 was born in Jacksonville.

The infant was a daughter, whose parents are Mr. and Mrs. Richard Lee Morrow of Greenfield. She was born at Passavant hospital at 3:26 a. m., New Year's Day. She weighed in at seven pounds, two and a half ounces and was 17 and a half inches long.

The mother is the former Eva Mae Stansfield of Murrayville. For three years, she was employed as a stenographer at the Norbury Sanatorium. Mr. Morrow is a mechanic at his father's garage in Greenfield.

The second local baby of the new year was a son born at Passavant hospital at 4:49 a. m. Monday to Mr. and Mrs. Arnold Meyer, 226 Westminister street.

There was one New Year's Eve arrival, a son to Mr. and Mrs. Everett Boatman, 8043 North Main street. The infant was born Saturday at 6:10 p. m. at Passavant hospital.

Automobile Goes Down High Hill; Driver Injured

An automobile plunged completely down a high hill on the new Jacksonville-Greenfield highway, north of Murrayville, at 7:30 o'clock Sunday evening. Its driver, Harold Lee Jeffries of Franklin rural route 2, was injured and is under treatment at Passavant hospital.

Jeffries' 1938 Ford car is reported to have collided with the rear of a panel truck driven by Frank Sullivan of Minneapolis, Minn., who was accompanied by his wife. The truck and its occupants were more fortunate, as the truck did not roll down the embankment, which is a part of the underpass at U. S. Route 67.

Both vehicles are said to have been traveling north. Deputy sheriffs said visibility was poor on account of fog at the time of the accident.

Jeffries was treated at the hospital by Dr. Wilson of Murrayville, and remained for X-ray examination.

Deputy Sheriffs Irlam, Wicks and Roach went to the scene of the wreck.

Marilyn Maxwell Wed Yesterday

Santa Barbara, Calif., Jan. 2.—(AP)—Marilyn Maxwell, blonde screen lovely, is honeymooning today with Anders McIntyre, Beverly Hills cafe operator.

The 27-year-old actress and McIntyre, 31, were wed yesterday in a cottage of the Santa Barbara Biltmore. A Presbyterian minister performed the rites.

Dan Dailey, who introduced the newly weds, was best man. Mrs. Agnes Yarnelle, schoolmate of Miss Maxwell in Fort Wayne, Ind., was matron of honor. Miss Maxwell once was wed to actor John Conte. It was McIntyre's first.

EGYPTIANS VOTE

Cairo, Jan. 2.—(AP)—Approximately five million Egyptians will vote Tuesday in the Nile kingdom's first general election in five years.

One fourth of Egypt's population is expected to cast ballots for the new chamber of deputies. Women do not have the right to vote.

Five parties and an important group of organized independents are contesting for 319 seats.

Mrs. Foreman Named To Interracial Commission

Springfield, Ill., Jan. 2.—Reaffirming the need to "do everything in our power to abolish racial and religious discrimination," Governor Aldai E. Stevenson has appointed Erwin W. Roemer, prominent Chicago attorney, as chairman of the Illinois Interracial Commission.

At the same time, he also named 12 other new members to the commission, including Mrs. Orville N. Foreman of Jacksonville, and re-appointed three of its present members.

Roemer, former president of the Chicago Bar Association, is a member of the law firm of Gordon, Carton and Douglas. He succeeded Dr. Martin Hayes Bickham, of Wilmette, as chairman. Dr. Bickham will continue as a member of the commission.

John Yancey, Chicago, executive vice-president of the United Transport and Service Employees (C.I.O.). He is a member of the committee on housing of the Chicago Commission and the Catholic Interracial Council.

Renamed to the commission in addition to Dr. Bickham were Dr. Charles E. Howell, professor at the State Teachers College, DeKalb, and Dr. G. Cecil Lewis, Danville physician.

Will Combat Prejudice

In announcing the appointments, Governor Stevenson declared: "It is the duty of government to do everything within its power to abolish discrimination and prejudice arising from differences of race and religion."

"Although great progress has been made in the past few years in recognizing and dealing with the problem of racial discrimination, much remains to be done by private citizens and by government."

He asserted we must do away with discrimination and prejudice "not only because it is the legal, the right and the decent thing to do but also to preserve the strength of our government, the peace of our communities and our influence in world affairs."

The new commission will serve till July 1, 1951. New members, in addition to Roemer, are:

Personnel Of Commission

Sam N. Bonansinga, Springfield, vice-president of the Illinois State Federation of Labor and former member of the War Manpower Commission.

Mrs. Orville Foreman, Jacksonville, vice-president and legislative chairman of the Illinois League of Women Voters.

Rev. Richard Paul Graebel, pastor of the First Presbyterian church in Springfield.

Rev. Arthur D. Gray, minister of the Church of Good Shepherd in Chicago. He is chairman of the executive board of the Chicago Congregational Association.

Henry L. Kohn, Chicago attorney, president of the Illinois Child Labor Committee, treasurer of the Chicago Council against Racial and Religious Discrimination and member of the executive committee of the American Jewish Committee.

Graham K. McCorkle, Evanston, president and director of the Illinois Bell Telephone Co. and a director of the Chicago Crime Commission.

William D. Sattler, Chicago lawyer and lecturer, vice president of the American Citizens Foundation.

Forest D. Siefkin, Glenview, vice-president and general counsel of the International Harvester Co.

Prof. William Andrew Van Til, Champaign, professor of education at the University of Illinois.

No Gun Man Keeps Healthy

Denver —(P)—The way to keep out of trouble in an oldtime Colorado mining camp was to leave your gun at home, Frank Stewart says.

Stewart avoided "lead poisoning" so nimblely that next year he will celebrate his 92nd birthday. Stewart lived in Tincup, a Gunnison county gold camp, at the time it was noted for the high mortality rate of its law enforcement officers.

"There was rough young boys from

all over the country, but they weren't really gunmen," the pioneer mining man said. "If they knew you had a gun, though, they often shot just to get in the first one. If you didn't carry a gun, nobody started shooting."

State Conference Of Baptists Will Be Held Jan. 12-13

Pastors of several Baptist churches in the Jacksonville area will go to Mt. Vernon, Ill., to attend a state-wide evangelistic conference Thursday and Friday, Jan. 12 and 13, at the Logan Street Baptist church.

REV. W. A. CRISWELL

Jacksonville will be represented at the state conference by Rev. and Mrs. William H. Spencer of Central Baptist church. Others from this area who expect to make the trip are Rev. Ollie Phillips, Calvary Baptist church, White Hall; Rev. Woodrow Cain, Nortonville and Cooperstown; Rev. Leo Crossman, Virginia; Rev. Elmer Smart, Murrysville. Several laymen from these churches also will attend the conference.

Preconference room reservations indicate 200 ministers and many other lay members will attend this meeting. The conference is open to members of all denominations.

Rev. S. Otho Williams, Carbon-
dale, Secretary of Evangelism and
Missions of the Illinois Baptist State
Association, is sponsoring the con-
ference.

The program will feature launch-
ing a year of preparation for simul-
taneous revivals of two weeks dur-
ing in 18,115 Baptist churches east
of the Mississippi River beginning
on Easter Sunday 1951. More than
8,000 churches west of the river are
holding similar meetings this year.

Another featured speaker will be
Dr. C. Y. Dossey, Associate Super-
intendent of Evangelism, Baptist
Home Mission Board, Dallas, Texas.
Dr. Dossey was formerly pastor at
Salem, Illinois.

Some 30 other denominational
leaders will have part on the pro-
gram which runs through Friday
night.

Grace Moore, dental assistant to
Dr. W. B. Young for 25 years, died
Sunday at 7:20 p. m. at Our Saviour's
hospital, following an illness of sev-
eral months.

A native of Morgan county, Miss
Moore was born west of Chapin on
May 20, 1886, the daughter of Elias
and Susan Johnson Moore.

She is survived by three brothers,
Burt of Springfield, Charles of Clin-
ton, Ia., and Clint of this city; two
sisters, Mrs. Nina Synder and Mrs.
Edith Landreth, both of this city,
and several nieces and nephews.

Miss Moore was a member of the
Methodist church. Her home was at
244 West Morton avenue.

The body is at the Williamson Fu-
neral Home, where services will be
held Wednesday at 2 p. m., with Dr.
Arthur F. Ewert officiating. Burial
will be in Chapin cemetery.

After 4 p. m. today, the body will
be at the residence of Miss Moore's
sister, Mrs. Clyde Landreth, 236
West Morton avenue, to remain
there until the time of service.

ILLINOIS WOMAN KILLED NEAR NASHVILLE, TENN.

Nashville, Tenn., Jan. 2.—Mrs. Eunice Austin, 65, of Wellington, Ill., was killed yesterday when a car skidded into an embankment after a collision near Nashville.

She was the first traffic fatality of the new year for Tennessee.

Injured in the mishap was Mrs. Austin's daughter, Mrs. W. B. Clements, 47, also of Wellington, and two Atlantans, Mr. and Mrs. H. H. Cottrell.

Hospital attendants said Mrs. Clements' injuries were serious. Her husband and their two children escaped injury.

Catches Twelfth Mink Of Season; Some Worth \$26

Jerseyville—Elmer Cummings of Jerseyville is setting the pace this season for local mink trappers to follow. Cummings caught his twelfth mink of the season early Saturday morning.

Cummings reported that his catch of mink this season consists of 12 pairs, six males and six females.

"I have not tried to catch other fur animals this season," Cummings said. "I have concentrated only on mink for their fur is the only kind in which there is any money. I received from \$14 to \$16 for the females that I caught this season and have received from \$24 to \$26 for the males."

Other local trappers report they have not found mink so plentiful as last season and during 1947. Trappers contacted thus far reveal their seasonal catch is far below that reported here Saturday afternoon by Cummings.

A survey reveals there are only about 25 per cent as many trappers running lines in this county as during the 1948 season. The low price for all but mink pelts is one of the chief causes. Another is the limit on traps that may be operated under the new Illinois trapping regulations.

A further checkup reveals that of the trappers listed in the locality this season, the most of them are land owners who are trapping to keep down top heavy increases in the number of foxes and other predators.

BROOKLYN W.S.C.S.
The Brooklyn W.S.C.S. will meet at the church Wednesday, Jan. 4, 1950, at 2 p. m. with Mrs. E. E. Beasly, Mrs. Martha Bossarte and Mrs. Rose Scholfield as hostesses.

Television shows and motion picture projections can be seen on the same screen with a new apparatus. The television tube is at the bottom of the cabinet, the motion picture machine at one side. Mirrors control selection of the kind of picture to be shown.

Santa Clara Rallies To Edge Kentucky 21-13 In Orange Bowl

Miami, Fla., Jan. 2.—(AP)—Santa Clara's fighting Broncos overcame a seven point half-time deficit to upset the University of Kentucky Wildcats 21 to 13 in the 16th annual Orange Bowl Classic today before Wildcat 21 to 13 in the 16th annual Orange Bowl classic today before 64,816 thrilled spectators—largest crowd ever to attend a sports event in Florida.

Santa Clara, rated a five and one-half point underdog at the outset, climaxed a wild second half by scoring with only 30 seconds remaining in the game.

Kentucky broke the scoring ice in the middle of the second period when Wilbur Jamerson hammered over from the one-yard line to climax a 51-yard touchdown drive. Robert Brooks split the uprights with his conversion kick and the Wildcats led 7 to 0.

In the living second of the second quarter Kentucky's great fullback, Bill Leskovar, took a short pass from Vita (Babe) Parilli and twisted 44 yards to Santa Clara's three—but time and Santa Clara's valiant forward wall were against the Wildcats and the half ended before Kentucky could score again.

Santa Clara Scores

With the third quarter only six minutes old Santa Clara's Abe Dung—who was one of the Broncos' outstanding players—dived on a Kentucky fumble on the Wildcat 13 yard line. Gus Hakeen plowed through to the two and Johnny Pasco rammed over from within inches of the goal line on his second try for Santa Clara's first touchdown on a quarter-

back sneak.

Joe Vargas made the first of three perfect extra point picks, and the score was deadlocked at 7-7.

Near the end of the third period Pasco rifled a 25-yard pass to Dick Wilborn on Kentucky's 15. Dung plowed through to the 12 and Pasco, intending to pass, cut around right end to the eight for a first down.

Hall Haynes, a constant sparkplug in Santa Clara's attack, plunged to the one-half yard line but on the next play the Broncos drew a 15-yard holding penalty. Then Kentucky drew a penalty for interfering with the pass receiver and the ball was placed on the 7 yard line.

Underdogs Have 14-7 Margin

Haynes rammed to the two and then went over for a touchdown. Vargas converted, giving the underdogs a 14-7 margin.

Midway in the final period Kentucky's amazing sophomore passer, Vito Parilli, faded deep into his own territory to have a long, looping pass into the arms of waiting Emery Clark who trotted—completely in the clear—the remaining 15 yards to a touchdown. The play was good for 52 yards.

Brooks' attempt to convert was wide and Santa Clara held a one-point margin.

With only 30 seconds remaining, Santa Clara took a Kentucky punt on the Wildcats' 39. Pasco skirted right end for 11 yards and Fullback Saxon Wright plunged through center line. Gus Hakeen plowed through to the two and Johnny Pasco rammed over from within inches of the goal line on his second try for Santa Clara's first touchdown on a quarter-

OUT OF REACH—Kentucky's Bob Watson makes vain attempt to take ball from teammate Bill Spivey in Madison Square Garden practice session, but five-foot ten-inch Wildcats' guard is no match for Coach Adolph Rupp's seven-foot, 215-pound sophomore.

Olympians Gain Ground In Pro Basketball Race

By the Associated Press

The Indianapolis Olympians were closing fast today on Anderson's pace-setting Packers in the western division of the National Basketball Association.

The Olympians whipped the Sheboygan Redskins, 89 to 75, last night to move within one game of Anderson, which lost to the Minneapolis Lakers, 87 to 75.

Alex Groza rimmed 27 points in leading Indianapolis to its 18th victory against 13 setbacks. Anderson's record is 17 and 10.

George Mikan scored 38 points and Jim Pollard 20 at Minneapolis handed the Packers their fifth loss in seven games. Frank Brian tallied 30 points for Anderson.

The Syracuse Nationals, meanwhile, posted their 14th straight home-floor victory, coming from behind to edge the Washington Capitals, 79-73. Bill Gabor netted seven straight points in the final 70 seconds to give the eastern leaders their 25th win in 29 starts.

Ernie Vandeweghe's 16 points sparked the New York Knickerbockers to an 81 to 59 verdict over the Philadelphia Warriors before 18,000 at Madison Square Garden.

The Chicago Stags handed the Denver Nuggets their 27th defeat in 30 outings, blasting the Nuggets, 92-78. Andy Phillips of Chicago was the game's high-point man, potting 19 markers.

Neil Armstrong and Jack Kerris led the Fort Wayne Pistons to an 80-72 triumph over the Boston Celtics. Armstrong hit for 17 points, Kerris 16.

St. Louis' Johnny Logan and Ben Smawley accounted for 44 points as the Bombers trounced the Waterloo Hawks 91-79. Logan garnered 24 points and Smawley 20.

The Tri-City Black Hawks pulled away in the second half to down the Baltimore Bullets, 79-66. Don Otten with 15 points was the Black Hawks' leader, while Walt Budko paced the losers with 14.

Carmine Vingo, Injured Boxer, Is Better

New York, Jan. 2.—(AP)—Carmine Vingo, the New York heavyweight who was injured critically in a knockout at Madison Square Garden Friday night, is showing improvement.

Dr. Vincent Nardiello, state athletic commission physician, said the 20-year-old fighter's condition is critical but added: "There is a big change from the time they brought him in."

Nardiello said Vingo suffered a brain hemorrhage when he was knocked out by Rocky Marciano of Brockton, Mass., in the sixth round of their ten-round bout.

The hemorrhage caused paralysis of Vingo's right side, the doctor said, but, this, too, is showing improvement.

Steve Van Buren of the Philadelphia Eagles led National Football League ground-gainers in 1949 for the third straight season.

Art Houtteman, young Detroit right hander, participated in seven double plays during 1949, tops among American League pitchers.

Holiday Tournaments Fell Six Prep Quints From Unbeaten Ranks

Springfield, Ill., Jan. 2.—(AP)—Holiday tournaments felled six previously undefeated Illinois high school basketball teams.

Robinson, Bradley, Danville, Pekin, Wood River and Gillespie were erased from the unbeaten ranks.

Of the 250 teams competing in holiday meets last week, defending state champion Mt. Vernon was Springfield city meet.

Kankakee travelled one of the roughest roads in taking the eighth points per game, the Rams downed Joliet Catholic, Sullivan, Harrisburg and Sparta to capture the Mt. Vernon trophy with a 63 point average and stretch its undefeated record through 11 games.

One of the best individual averages was posted by Fred Forth, who notched 19 as his team booked 11 straight wins. Flora, unbeaten since dropping its season opener to Centerville, swept the 16-team Paris tourney with victories over St. Bede's of Peru, Mt. Pulaski, Kewanee and Paris. Flora bested Paris, a two-62 points paced them through the time loser in 12 attempts, 44-43 for the crown.

John Kerr Top Scorer

Top major holiday tourney scorer was John Kerr, 6 foot 8 inch center of Chicago's Tilden Tech. He rammed in 103 points in four games (a 25.7 average) to pace his team to the Centralia title. Tilden whipped favored Centralia for the diadem 42-37. However, the Chicago school probably won't figure too strongly in this entire area, was the state championship since the Mooseheart 16-team meet by edging York of Elmhurst, St. Edward of Elgin, Geneva and Palatine.

Marmion of Aurora grabbed the brass ring at Normal by shading Normal Community in the final 52-50 in a double overtime.

Murphysboro dumped favored Johnston City, the host team, 73-58, for the championship. Cathedral, the darkhorse, won the Springfield round robin city meet sweeping over Lanphier in the title contest, 64-49, to post a season mark of 6-2.

Among powerful teams passing tourney competition were Decatur, Moline, Ottawa and Hillsboro. Decatur won three times in regular scheduled engagements, downing Granite City, St. Louis U. High and Harrisburg to boost its record to 9-1.

MSM Conference

By Bob Duerwer

Virden was the only team with the right to show its face after the holiday tournaments. The Bulldogs fared well capturing third place in the Jacksonville-Routt tourney by bumping off Pawnee 45-35, losing to Routt 39-28 and coming back to edge Kincaid 46-41. Girard did as expected. They were stopped by Ashland in the first round of the Petersburg tournament 54-39. The biggest flop, not only in the M.S.M. but in this entire area, was the Waverly Scotties, upset 61-30 by Kincaid at Jacksonville.

The feature of next week's conference play will be the initial appearance of the Northwestern Wildcats against M.S.M. competition. They entered the conference last November. The Wildcats will play hosts to the hapless Waverly Scotties Tuesday. Northwestern has two other tilts coming up right away against conference opposition. Next week they play host to Girard and then, on the 31, they meet their first and only stiff opposition, traveling to Virden.

Only contender seeing action this week in the conference will be the Nokomis Redskins who play host to Divernon Tuesday. Again this week will find Morrisonville, the number two team, idle. Virden, acts as Gillespie's host Tuesday and then Thursday travels to Farmersville. Somebody is going to win their season's first game on Tuesday when St. James goes to Girard in a loop tilt. Neither team has tasted victory. St. James owns six losses and Girard eight. In the other loop tilt for the week, Girard will run into their coach Bill Lewis' home town, Divernon in Divernon's next to the last conference game.

Other games find Waverly at Winchester, Auburn at Tri-City, and Northwestern at Greenfield, Tuesday. Riverston at Auburn, Friday and Rochester at St. James Saturday. Riverston, by the way, is the powerhouse of Sangamon county.

All of Syracuse University's National AAU championship cross-country team with the exception of Dick Church will return for action next fall.

Texas University varsity athletic teams are nicknamed "Longhorns"—the freshman outfits are called "Shortorns."

More Tractors At British Show Than At State Fair

An interesting report on agricultural machinery in England is contained in the weekly review written recently by L. H. Simerl of the agricultural economics department, University of Illinois. It is based on a letter received from Dr. L. J. Norton, chief agricultural marketing specialist, who is now in Europe.

The review follows:

Larry Norton is still in Europe. He's been over there since last summer studying the prospects for export markets for U.S. farm products. Norton is on leave from his job here as chief in agricultural marketing. He can ask more questions and get more information than anyone else believe. Case, Ford (also made I know. Les Stice got a letter from him a day or so ago and passed it around for the rest of us to read. You'll be interested in it, too.

"Dear Les: After a lot of running around we have finally settled down to take things easier. We have a hotel with central heat. Very close to an American hotel in many respects. In fact, I believe a good many Americans stay here.

"One day last week I went to the Smithfield Livestock Show, held for the first time since 1938. It was a big modern exhibition hall of which I have seen two in London. The interesting thing was that there was more interest in the machinery show

Play, Readings, Music On Program At Bethel School

Chapin—A play, "Hands Across Christmas," was presented on the Bethel school program along with readings and music Friday evening. Candy and oranges were distributed to the children by Santa Claus.

Characters in the play were portrayed by Robert Chapman, Gerald Pahlman, David LaKamp, Byron Bunch, Howard Schone and Jimmie Morgan. Readings were given by Jimmie LaKamp, Dave Hutson, Donald Carmean, Bobby Carmean, Marilyn Lael, Allan Anderson, Robert Little and Byron Bunch.

Music by Charalaine Morgan was heard, and the school, the chorus and the rhythm band performed in several numbers. Choral readings were given by two groups of students including Bruce LaKamp, Gerald Pahlman, Patricia Mosley, Carol Anderson, Jimmie Morgan, Carolyn Lael, Janet K. Hutson, George Carmean, Harold Miller and Maxine Lael.

Johnnie Lael presented a speech, Charalaine Morgan a monologue.

Mr. and Mrs. Earl Smith spent Christmas Day with Mr. and Mrs. Earl Myers of Litterberry. They gave a party Friday evening at their home at Chapin for relatives and friends.

George Dietrich of Rockford was a visitor here recently.

Mr. and Mrs. Robert Brookhouse and son of Urbana were recent visitors of his parents, Mr. and Mrs. Ray Brookhouse.

Edna Rahe of Quincy was recently a guest of her parents, Mr. and Mrs. Alfred Rahe.

Harold Cox of Chicago spent Christmas with his father, Frank Cox.

Mr. and Mrs. Willard of Washington were hosts on Christmas to their son, Fred Willard of Washington.

Cars Driven By Teenagers Collide In Fog; Two Dead

Canton, Ill., Jan. 2—(P)—A head-on collision during a fog last night killed two teen-agers and injured seven others.

The dead were Richard Smith, 18, of Farmington, and Nora Waddell, 17, of Canton. Four others in the same car were injured, two seriously. They are Miss Johnnie Baylor, 19, of Canton, and Harold Van Houten, 18, of Farmington, and Peley Swartwood, about 18, and Robert Price, 16, also of Farmington.

Police said the boys were driving the girls home from Farmington. Their car collided on fog-shrouded Route 78 near Farmington, with a car occupied by three Farmington youths—Robert Haines, 16, Frank Record, 18, and Paul Hewitt, 19. Record was the most seriously injured. The injured were taken to Graham hospital in Canton.

MAN DIES OF HEART ATTACK WHILE DRIVING

Chicago, Jan. 2—(P)—State Rep. Anthony C. Prusinski, 48, (D-Chicago), chief deputy coroner of Cook county, died of a heart attack to-night while driving his automobile on the northwest side of the city.

Prusinski's wife, Malvina, 40, was in the car with him, but was not injured although the auto struck three other parked autos. Prusinski died en route to a hospital.

Prusinski had been deputy coroner since 1936 and was serving his fourth term as a representative from the 27th senatorial district. He planned to seek re-election.

Sewing Circle Has Holiday Meeting At Chandlerville

Chandlerville — Mrs. Margaret Finn was hostess to the Pontiac Sewing Circle Friday for Christmas games and contests. Mystery pals' names were revealed and gifts exchanged, after which new names were drawn for the coming year.

Mrs. Harry Watkins was given a card and handkerchief shower in honor of her birthday, and refreshments were served by the hostess.

Mrs. Otto Loeffler will be hostess to the group at her home Jan. 18. The W.S.C. will meet at the home of Mrs. George Clive Wednesday afternoon, with Mrs. Arthur Tuecke in charge of the worship service and Mrs. W. C. Harper as program leader.

Mrs. Fred Wahlfeld and daughter gave a birthday dinner for Mrs. John G. Murphy of Jacksonville at 6 p.m. Sunday. Present were Mr. and Mrs. Murphy, Mr. and Mrs. Virgil Lewis of Virginia, Mrs. Minnie Garner and Miss Lucille Garner. The Duck Haven Home Bureau is to meet Jan. 4 at the home of Mrs. Bernice Ingram.

Roy Lee Griffin, son of Mr. and Mrs. Johnnie Griffin, enlisted in the Navy last week. For the past five months he has been employed at Beardstown.

Egyptian Election May Be Affected By King's Romance

London, Jan. 2—(P)—Egyptians elect a new Chamber of Deputies tomorrow. The reported romance of King Farouk with a brown-haired beauty of 16 may be one of the major imperatives in the voting.

The story is that the pious monarch first saw Narmiman Sadek while she was shopping for an engagement ring with her young fiancée, Zaki Hachian, 27-year-old United Nations diplomat. The king immediately lost his heart, the story said, and promised her the throne that once was Cleopatra's despite the girl's declaration that she still loved Hachian.

The implication that the king had come between two young lovers among his subjects was denied by the Egyptian embassy in Washington, but the story has not been denied that he wants to marry the girl and has fixed the wedding date, despite family opposition, for Feb. 11, his 30th birthday.

Egyptian politicians have largely suppressed the news because they are represented as fearing that the Egyptians—who love young lovers—might be angered by the king's coming between two of his subjects.

The correspondent of the New York Post, who left Egypt and wrote the story in Rome, said the affair "threatens to rock the entire Moslem world."

Former St. Louis Official Dead

St. Louis, Jan. 2—(P)—Louis Nolte, 78, city comptroller for 32 years, was found hanging in a shed at the rear of his home late yesterday.

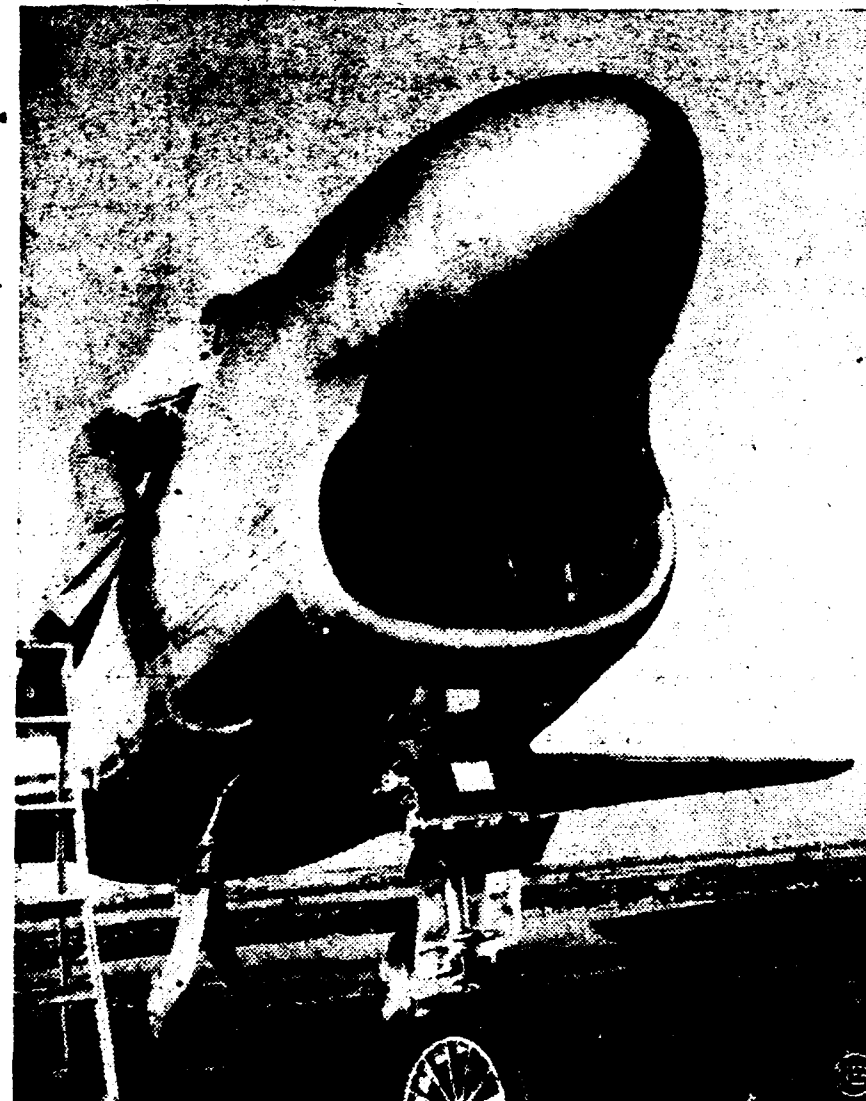

He had been ill and under the care of a physician. His death came nine months after his first defeat at the polls and two months after the death of his wife, who suffered a lingering illness.

The veteran city official, who became known as "the watchdog of the city treasury" because of his eagle eye he kept on city spending, told the niece with whom he lived that he was going for a walk. His body was found two hours later.

Nolte served six years as sheriff of St. Louis before he was elected comptroller. A Republican, he survived several Democratic landslides.

The A.T.A. meeting that was to be held at Arcadia Jan. 5th speaking on Communism has been postponed until a later date.

FLYING SHARK—A front view of the latest model of the North American "Sabre" jet fighter, the YF-80D, looks like the mouth of a voracious shark. It has completed its first test flight at Muroc, Calif. Designed to climb rapidly to extreme altitudes, the jet has one huge intake duct up front, giving it the shark-like look.

Juanita Hutton, 17, Dies, 7 Roodhouse Youths Injured In Collision

Juanita Hutton, 17 year old junior of Roodhouse high school, died at 9:08 p.m. Monday at Our Saviour's hospital of injuries received in a triple automobile collision which occurred at 11 p.m. Sunday on U. S. Route 67, south of Roodhouse. She was the daughter of Mr. and Mrs. Virgil Hutton, who reside east of Roodhouse.

Man Shoots Wife, In-Laws; Kills Himself Later

Tifton, Ga., Jan. 2—(P)—A farmer wounded his father-in-law yesterday and killed the mother of his six children and her mother when they ran out to see what the shooting was about. He then killed himself.

Sheriff T. C. Greer blamed family trouble for the New Year's tragedy. He gave this report:

A. Mangham, 68, left his home to water a mule. Caudie Summers, 34, his son-in-law, was hiding in the barn and shot the elder man, wounding him.

Mrs. Mangham and Mrs. Summers, hearing the gunfire, ran into the yard and Summers shot both. The 65-year-old Mrs. Mangham fell dead and Mrs. Summers died later at a hospital.

The sheriff later found the body of Summers about a quarter of a mile from his in-laws' home, a bullet wound through his heart.

The Summers had recently separated after 14 years of marriage.

Former Leading Czech Politician Sentenced To Die

Prague, Czechoslovakia, Jan. 2—(P)—A former leading Czech politician has been sentenced to death and his wife to 25 years in prison following their conviction on charges of spying for the United States, the Slovak newspaper Pravda reported yesterday.

The newspaper said the condemned man, Karol Foltis, former member of parliament and leader of the now-outlawed Slovak Democratic party, was one of 32 persons arrested as spies last Nov. 9.

Four other defendants were reported sentenced to from 11 to 25 years on similar charges.

Lie Believes Time Here To Settle Specific Cases

By DEWITT MACKENZIE, AP Foreign Affairs Analyst

Director General Trygve Lie of the United Nations believes the time has come for East and West to get down to cases and try to settle their differences.

If we have not made much progress during 1949 toward settling or adjusting the basic conflict that has delayed peace and hampered the United Nations since the end of the war," says Lie in his year-end statement, "we have at least moved forward to a point where the world has a right to hope for a step-by-step resumption of real negotiation between both sides."

General Idea

The director general doesn't offer any concrete plan for the step-by-step negotiations. He just puts forward the general idea, like the preacher whose business it is to preach against sin.

Lie says the Mexican resolution unanimously approved by the general assembly in Paris in 1948 continues to represent the wish of the peace organization. This calls for the great powers to renew their efforts for peace. His idea appears to be to get any sort of settlement as a starting point for further progress.

Well we can't go wrong if we always try for peace. But what real chance is there of reaching a settlement between the Communist and the democratic blocs?

This column still believes what it has said before: The chances of peace would seem to be nil so long as Moscow believes it is making progress in its world revolution for the spread of Communism.

After all, put yourself in the position of Moscow and say whether you would quit while you are meeting with success in the vast and important Asiatic theatre.

However, while the Communist have been doing well in the Orient, their drive in Europe not only has been brought to a halt but has received setbacks in some spots. There is the revolt of Yugoslavia, and the loss of ground in Italy and France. There also has been a loss of ground in many other European countries.

Thus we have the peculiar situation that, if Europe alone were concerned, a point might have been reached where Russia would be willing to negotiate peace. There seems to be little more she can gain in Europe by strong-arm methods. She has reached a point where consolidation of her gains in order if she is to preserve them,

Hospital Auxiliary To Convene Friday At Our's Saviour's

The Holy Cross Sisters of Our Saviour's hospital again extend the hospitality of the nurses' home to the wives of Our Saviour's medical staff for a meeting at 3 o'clock Friday afternoon for further consideration of the organization of a hospital auxiliary, according to Sister Claudine, the hospital administrator.

At the first meeting, which took place on Nov. 29, Mrs. A. M. Paisley was elected temporary chairman and Mrs. S. P. Lippert, temporary secretary. Mrs. R. M. Norris, Mrs. W. H. Newcomb, and Mrs. F. E. Walker were appointed a committee on constitution and by-laws.

Last Friday this group held a meeting at the hospital for a preliminary discussion of possible functions and forms of the projected organization.

Sister Claudine expressed the hope that both the women present for the meeting of Nov. 29, and those who could not come, will be able to attend the affair next Friday.

Man Who Lived In Attic Leaves \$16,000 Estate

Springfield, Mo., Jan. 2—(P)—A lonely old man from Illinois who lived in an attic and patched his own clothes and shoes has left his estate of about \$16,000 to Ozarks institutions.

He was Winfield Francis, 74, a retired farmer who died here yesterday. He had been a justice of the peace in Melrose township, Clark county, Ill., from 1937 to 1941. Shortly afterwards Francis moved here.

A few weeks ago, Francis made a will giving \$1,000 each to St. John's hospital, Springfield Boys club, School of the Ozarks at Point Lookout, Drury College, The Salvation Army and Mr. and Mrs. Ben Bilyeu. Mr. and Mrs. Bilyeu supplied Francis his attic home, a choice made by the old man, and cared for him during his last illness.

Hattie G. Hubbs Of Ashland Dies; Rites Wednesday

Mrs. Hattie Grogan Hubbs, a former resident of Ashland, died Monday afternoon at the Christian home on Grove street, where she had lived for the past four years. She was 77 years old.

She had no children, brothers or sisters. Survivors include a niece, Mrs. John Braker of Ashland, and a nephew, Jesse Grogan, 711 South Church street.

The remains were taken to the Reynolds Mortuary. Funeral services will be held at the Ashland Christian church at 2 p.m. Wednesday, with burial in Ashland cemetery.

LUNDING ELECTED CHAIRMAN OF CHICAGO U. S. RESERVE BANK

Washington, Jan. 2—(P)—The Federal Reserve Board announced tonight its appointment of F. J. Lunding, Highland Park, Ill., as chairman of the Chicago Federal Reserve bank.

Lunding is president of the Jewel Tea company.

Chairmen of the 11 other reserve banks were reappointed. The chairmanships are for 1950.

The Chicago bank also got a new deputy chairman, John S. Coleman, Detroit. While that appointment is good only for 1950, Coleman was given a three-year term as a director of the Chicago bank.

Coleman is president of the Burroughs Adding Machine company.

1949 Beef And Pork Prices Near Prewar Relationships

Chicago—(P)—Meat animals returned still closer to their prewar relationships this year.

Top quality cattle soared to new record high prices while hog values sagged to the lowest levels since price controls were in effect in June, 1946. This widened the price spread between the two major meat sources as they were a decade ago.

In fact, pork animals just missed having to be price-supported by government purchases late in the year when country supplies flowed to market more heavily than last year.

Careful day-to-day tailoring of salable supply to trading demand, however, helped keep average prices above the guide prices at which the government is compelled by law to enter the pork market.

Marketing at lighter weights than normal also was a factor, since this meant less total pork tonnage than the bigger numbers of hogs would indicate.

Four Million More Production of hogs from Jan. 1 through Dec. 3 was estimated at 45,871,485 animals going through federally inspected slaughter. In the comparable period a year ago there were an estimated 41,043,141 head sent in.

Cattle slaughter was only a little above last year—12,068,545 head through Dec. 3 and 11,872,845 in the similar 48 weeks of 1948. In contrast, calves, sheep and lambs were lower this year. An estimated 5,783,936 calves showed up at the 32 federal inspection centers, compared with 6,268,544 a year ago, while only 11,043,399 sheep and lambs came in, compared with 13,988,500 last year.

The department of agriculture expects that long decline in sheep and lambs to continue. Its forecast on Dec. 1 was for a smaller volume of lamb feeding this season than last year.

"Record High Level"

On the other hand, cattle feeding is expected to be "as large or slightly larger than last year." The number of feeder cattle flowing into corn belt feedlots has been at a record high level in the July through November period, the department noted.

As for hogs, the department has predicted the fall pig crop from June 1 to Dec. 1 would run about nine percent higher this year than last. These hogs will constitute the first big instalment on next year's pork. Last spring's crop already had run an estimated 15 percent over 1948.

Pricewise, live hogs averaged about seven cents a pound lower at the key Chicago market in November—the last full month tabulated than in the same month a year ago. Then barrows and gilts averaged \$22.91, compared with \$16.04 a hundred pounds a year ago. During price controls, the average price was just about at the ceiling price of \$14.85.

A decade ago, before war buying entered the domestic picture, the monthly average on live hogs at this market ranged down \$3.65 to \$9.40 a hundred pounds.

French Assembly Approves Premier Bidault's Budget

Paris, Jan. 2—(P)—The French National Assembly approved a record-breaking balance budget to-night, giving Premier Georges Bidault's coalition cabinet three votes of confidence.

But Bidault's two-month old middle-of-the-road government can still be defeated by a veto of the new budget in the parliament's upper house—the council of the republic. It would have to scrape up 311 votes, an absolute majority of the assembly, to pass the disputed measure over the council's veto. The highest number polled tonight was 305.

The new budget balances revenues and expenditures at 2,257,000,000,000 francs \$6,400,000,000. The vote climaxed a month-long dispute over the issue of imposing new taxes to meet the estimated outgo.

Six times during the past ten days Premier Bidault has called for votes of confidence, thereby serving notice on the deputies they would force the cabinet out of service if it were defeated on its tax proposals.

A defeat for Bidault would have meant his cabinet's resignation and probably a general election. The French constitution is so drawn that the Communists would have to be included in a caretaker cabinet until new elections were held.

Cancel Programs At N. Y. Terminal

New York, Jan. 2—(P)—Out-squawked by commuters, the new commercial broadcasts at Grand Central Terminal will go silent at midnight tonight.

The decision was apparently a total victory for exasperated travelers who condemned the music and advertising programs at a three-day public hearing of the Public Service Commission.

The cancellation was a voluntary move on the part of the terminal however. The commission will not make its own ruling until after Jan. 10.

HOLIDAY VISITORS

Dr. and Mrs. R. E. Courtney of Chicago spent the holidays with her parents, Mr. and Mrs. Robert H. March of 345 W. Independence avenue.

Mr. and Mrs. Gaylord Cox have returned to their home in Minnesota after visiting during the holidays at the home of his mother, Mrs. Harriett A. Cox, who is ill. She resides at 520 S. Mauvaster street.

MRS. ELISABETH YAGER VISITS SISTER HERE

Mrs. Elisabeth Yager, former Journal Courier staff writer who is now associated with the Prepro Journal-Standard, is visiting until Wednesday morning with her sister, Miss Mary Johnston, at the Self Apartments.

It's efficient to use a piece of waxed paper for sifting flour; but don't throw the paper away each time, fold it up and store it in a covered container ready for use.

"Wednesday nights are known as Church and Home nights in Jacksonville."

HIGH-POWERED SUBMARINE ANTICS—Darting high out of the water like a porpoise, the USS Amberjack, one of the Navy's newest super-powered submarines, shows her versatility during trial runs off Key West, Fla. The sub's skipper, Commander E. L. Beach, said such steep climbs—in contrast to the slow, level surfacing of conventional-type subs—are not normal maneuvers for the Guppy-type Amberjack. Rather, they demonstrate the new sub's great maneuverability.

DEER TROT—Pat Hayes is grooming Jake, a two-year-old deer, to race home next summer at the Escanaba, Mich., Fair Grounds. Mrs. Dorothy Goodridge is to drive the deer. Hayes is trying to prove the claim of hunters that a deer is faster than a horse.
